Overview and prerequisites

EXISTING USERS • SKIP TO REGISTRATION

Already signed in with DigiLocker and redirected back to PM GatiShakti, with the **Welcome To PM Gatishakti Registration!** form open? You can skip Steps 1 to 10 and start directly at the registration form.

[Skip to Step 11: Complete the registration form →](#)

This manual walks a new user through registration on the PM GatiShakti National Master Plan (NMP) portal using the DigiLocker National Single Sign-On (NSSO) option. The whole flow takes about 11 steps and a few minutes. Before you begin, keep these ready:

✓	A DigiLocker account (mobile number plus security PIN, or username). New users can sign up from the DigiLocker sign-in page.
✓	Access to the mobile number registered with DigiLocker, to receive an OTP by SMS.
✓	Your organization type and Ministry name, which you select on the final registration form.

Important notes
